THE JPFO “DAVID AND GOLIATH AWARD” GUIDELINES

From JPFO's main brochure: The overarching mission of JPFO is to destroy the idea of “gun control” of any kind as a credible policy position. So-called “gun control” does not control guns nor does it control criminal behavior. What it does do is disarm the innocent, leaving them helpless in the face of petty criminals, tyrannical governments and genocide. History keeps proving this. Advocates of “gun control” are either ignorant, misguided, hoplophobic in need of help, or evil. Their efforts and agendas earn and deserve scorn and derision as the foolish and dangerous proposals they are. *“A public, well educated in the right and proper role of arms in our modern society, is the good and natural protector of the people and freedom.”*

The David and Goliath Award is issued periodically by JPFO to recognize heroic achievement by an individual or group, against significant adversity, in the preservation of firearms ownership and the civil liberties necessary for attaining this goal. Successful candidates will have persevered through outstanding activity, setting an example for others to admire or emulate in:

- Aiding in the destruction of so-called “gun control”
- Informing the public or officials about the deceptive nature of so-called “gun control”
- Conducting fundamental new research about so-called “gun control”
